## Less Than 700 Vote Waveland In General Election Water Woes Are Heard

Less than 700 of the estimated 7,000 qualified voters in Hancock County went to the polls in Tuesday's general election and ratified the candidates nominated in the August Democratic primaries, according to unofficial returns compiled by the Echo.

The unofficial returns give the following votes: for governor, Ross Barnett, 611; Lieutenant governor, Paul B. Johnson, 600; secretary of state, Heber Lader, 580; attorney general, Joe T. Lader, 599; circuit clerk, Lamar Otis, 607; county superintendent of education, Kenneth G. McCarty, 607; tax assessor, George E. Heltzman, 578; coroner and ranger, Emile G. Piazza, 594.

In addition, for supervisor, district 4, Jack Lott, and for constable, district 4, Marvin Bobinger, each received 22 write-in votes, which under Mississippi law are not counted unless a party's candidate has died.

**JERVIS MORAN** — The Democratic nominee for in Tuesday's general election although it was erroneously reported in last week's Echo that Marvin Bobinger was the candidate, Moran had defeated Bobinger in the second Democratic primary.

## Bus Matters Occupy County School Board

Transportation problems occupied the County Board of Education again at its first November meeting Monday as Mrs. Clarence Moran appeared to ask for ground gripe tires to get her school bus through the bog created by the state aid road project in the Lakeshore area and Frank Moran requested additional remuneration for servicing broken down buses on the North Central routes.

Superintendent E. E. Breland was directed to order four tires designed to handle muddy roads from the board's contract supplier in an effort to get Mrs. Moran's route through the winter with a minimum of trouble. Because she has gotten stuck so often in the construction strip, she has had to retrace the route to pick up all the children going to Gulfview School, thus extending her mileage.

On the motion of Trustee S. P. Powell, it was voted to increase by \$20 a month Frank Moran's pay for bus care. He presently receives \$70 for driving a route, plus \$20 for handling gasoline and oil at the school. The board revised the latter figure to \$40, a totaling of \$110, for gas and bus care. The main-gear duties had been handled by Elmer Moran who is now undergoing treatment at the Veterans Administration Hospital. Frank Moran complained that he was having to go out and bring in broken down buses almost daily which curtailed his income in other respects as well as costing money to get someone to ride.

## Health Center Site Selection Still in Doubt

The final site for the proposed \$24,000 county health center is still a toss-up.

Although a site between the new Hancock County Hospital and the county home was selected by the board of supervisors last month, it was rejected Monday when architect Fred Wagner of Oubré and Wagner of New Orleans explained that this location would have to be filled to a level with the county home. He estimated filling costs at approximately \$750.

The supervisors recessed their meeting to look over three other suggested locations in the same area: at the northern side of the County Home on county owned property, on hospital property facing Dunbar Avenue adjacent to the southwest end of the hospital, and on land, now privately owned, which runs parallel to the southwest hospital property line.

To build on the hospital property, the board will have to obtain permission from the Hill-Burton agency of the federal government which has a 20-year contract with the county guaranteeing the land for use as a hospital, according to Beat 5 Supervisor R. G. Hubbard Jr.

Both of the Dunbar Avenue sites are on well drained ground and if the center were built on the county owned site north of the County Home it could tie in with the home's septic tank drainage, Wagner commented.

The supervisors agreed to reach a permanent site decision within the next two weeks so that the board can begin advertising for bids on construction.

## Another Wholesale Hike In Gas Rates in Offing

**NEW ADMINISTRATOR ON JOB** — Checking equipment with Norton Haas, left, secretary of the county hospital board, is Thomas O. Logue, new Hancock County Hospital administrator. Logue began a three-year contract Nov. 1.

## Hospital Administrator Post Assumed by Logue

The new Hancock County Hospital administrator, Thomas O. Logue, began a three year contract, signed last month with the hospital trustees, when he assumed his duties Nov. 1.

One of eight applicants interviewed by the hospital board Sept. 22, he will receive a salary of \$650 a month and expenses while traveling on hospital business subject to the approval of the board.

He is a registered laboratory technician and was formerly administrator for the Simpson County Hospital in Mendenhall.

A native of Vicksburg, Logue received his training at the Vicksburg Infirmary School of Medical Technology and the Vicksburg Infirmary Hospital.

He has served as head of the laboratory and X-ray department at Kings Daughters Hospital in Yazoo City and as laboratory and X-ray technician in Collins. He was administrator of the Simpson County Hospital in Mendenhall for over a year.

Logue holds the rank of captain with the Army reserve. Active in civic affairs, he was president of the Mendenhall Junior Chamber of Commerce, a member of the American Legion and a Mendenhall Cancer chairman.

He is a member of the Baptist Church and while in Mendenhall, taught a Sunday School class and was a member of the choir. Married and the father of two children, Tom, 3, and Tonia, 5, he expects to bring his family to Bay St. Louis within a few weeks.

Fog Abets Car Mishaps At Seawall

Heavy rain and fog resulted in two non-fatal accidents Saturday night when cars driven by Mickey Graham, 19, and Albert Garcia Jr., 23, crashed over the Beach Boulevard embankment into the bay. Both cars were reported as total losses.

Bert Taylor, a passenger in the Graham auto, a 1958 Pontiac, suffered minor facial lacerations. Other passengers in the car were Frank Bagnore, Donald Comptre and Gus Thomas. The water was reported as only knee deep at the Beach Boulevard and Lakeshore Road intersection where the auto went over the embankment.

Garcia, driving a 1954 Chevrolet, crashed over the final embankment at Bayou Caddy fishing camp. The only occupant of the auto, he managed to reach shore even though he is unable to swim. Water depth in this area is reported at 20 feet.

Bay St. Louis and Waveland officials have received official notification from United Gas Pipeline Co. that application has been made to the Federal Power Commission for a rate increase of 1.3 cents per 100 cubic feet of gas effective Oct. 1.

Waveland officials were forced to hike natural gas prices there 50 per cent effective Oct. 1 when an examination of the budget by city auditors revealed that additional funds were necessary to meet the four increases in wholesale prices granted by the power commission.

Waveland Mayor Garfield Lader said that the recent city rate increase would cover this new proposed wholesale rate hike and was anticipated when the 1959-60 city budget was drawn up.

Wholesale rate increases have been absorbed by the city for the past 20 years in Bay St. Louis in the domestic rates field but commercial rates were slightly increased and adjusted in 1957, according to J. Cyril Glover, city commissioner. He added that an additional rate hike had not been discussed by the city council.

Rates would be increased from 28.3 to 29.6 cents, according to the notification.

A mammoth parade will form (Cont. on Page 7.)

The benefit showing was donated to the bank by Joseph Scaffidi, owner of the Star Theater. Tickets, at 50 and 25 cents, are being sold at the county schools, business establishments, at the Star Theater and by members of the Hancock County Blood Bank.

Two complete showings at 7 and 9 p.m., are scheduled for the Lucille Ball and Desi Arnez comedy, The Long, Long Trailer.

**THEATER ROBBERY SCENE** — Examining the empty theater shortly after it was found at the A and G Theater Monday night by Mr. and Mrs. William Monroe, managers, Monroe covered the robbery when he arrived at the theater about 11 p.m.

## Negroes Held for Jury in Robberies

Negroes involved in three Bay St. Louis robberies in the past week were bound over to the March grand jury hearings before Justice of the Peace Nolan Lader.

One was set at \$1,000 for the robbery of a 1955 Ford at the A and G Theater Monday night. The other two were set at \$400 for the robbery of a 1955 Ford at the A and G Theater Monday night. The other two were set at \$400 for the robbery of a 1955 Ford at the A and G Theater Monday night.

A similar robbery of the theater occurred approximately four years ago.

Sheriff Lader said that two money bags, imprinted with the theater's name, and approximately \$40 in small change was found in Rahella's room on Washington Street.

Bush was spotted by Gulfport policemen Alvin Dearman, Frank Hall and Pete Payne when he drove down 30th Avenue and turned west on U. S. 90. The officers said they recognized the car Bush was driving from the description broadcast by the Mississippi Highway Patrol.

## Porter Named To Parks Body

P. E. Porter Jr. has been elected to serve on the Parks and Playground Commission of Bay St. Louis in place of August J. Scaffidi who resigned. It was announced by Mayor John A. Scaffidi at a meeting of the Commission Council Monday.

Porter is associated with his father in an automobile dealership and garage on Uman Avenue and is married to the former Miss Ann Weston.

## Defense Motion Heard Monday In Linam Case

A motion for summary judgment was presented to Judge S. C. Mize Monday in Federal Court in Biloxi by Rae Bryant, attorney for the bonding company for Justice of the Peace Nellus Rhodes and Constable Herman Mazarakis, defendants in the civil case of Ted Linam, Bay St. Louis, vs. Greyhound Corp., et al.

Plaintiff's attorneys, Russell and Favre of Bay St. Louis, and Ebb Ford of Gulfport resisted the motion and after hearing oral argument, Judge Mize requested attorneys for both sides to prepare briefs. A ruling will be given on the motion at a later date.

The suit is based on an alleged violation of Linam's civil rights when Mazarakis and Rhodes arrested him.

# Your Home Business Firms are THE HIGHEST BIDDERS for Your Shopping Dollar

**Here  
are the facts  
to prove  
it...**

Actually . . . no matter where you live . . . nobody . . . and that means **NOBODY** . . . can give you more for your dollar than your own home business firms. Let's look at the reason for this advantageous . . . to you . . . situation:

**ANY MERCHANT** . . . anywhere . . . is ordinarily going to sell goods for some more than he pays for them.

**ON AN AVERAGE** . . . when you spend a dollar in any retail store . . . here or anywhere else . . . about 70 cents of it pays for **GOODS**, and about 30 cents goes for rent, taxes, donations, hired help, etc., and a few cents (the national average is about 5 cents) pays the proprietor for his work, and for his investment in goods and equipment, credit losses, etc.

**NOW** . . . when you spend your dollar at home, you get the same 70 cents worth of merchandise that you would get for it anywhere else.

**AND THE OTHER 30 CENTS** stays here too, to help you pay for schools, churches, roads and streets; to vitalize the community so your property . . . or your job . . . is worth more; to keep more people here to share civic work and expense, and to serve **YOU** when you sometimes direly need their knowledge and their skills.

**ONLY** when you buy in **YOUR OWN HOME** community do you get back most of this 30-cent retail handling charge . . . and often a great deal more, as your job or your business prospers and your social life broadens with the growth of the entire community.

**It Pays to Buy  
where you Live**

## Shoulda Gone Fishin' VFW Southern Area Meets Here Sunday

BY EDDIE ENGELHORN

Fishing has been spotty this week according to reports. In spite of overcast skies and thunderstorms during the weekend, some fair catches were made but in the past few days things slowed up somewhat around the Bay area. Bridge fishermen who had live fish did all right Saturday morning before the rains came. A fine, sunny Sunday morning brought out a crowd of hopeful anglers and some were successful although many dyed-in-the wool Ole Miss fans stayed in bed nursing sore heads and pocketbooks. Heron Bay continues to be a hot spot and fishermen equipped to travel to the Louisiana marshes found conditions good.

Mr. and Mrs. J. Dahlstrom of New Orleans caught their limit of perch in Pearl River Sunday morning. Fly rods and small, black and white popping bugs.

At Kingston and Lucien Perdicario filled a large hamper of speckled trout in Mussel Bayou

in the Louisiana marshes Sunday using dead bait. They left at 10 a.m. and were home before dark. Loyal Ole Miss supporter John Ryan was absent from his usual haunts Sunday and we presume he gave up football for fishing.

Lee Klein and Fritz Garcia caught 43 specks Sunday morning on the Clermont Harbor shell reef using live bait. They were medium size.

A. G. Dantagan and a friend brought home 37 speckled trout caught in Heron Bay Monday morning. Dan says he can sell real estate better in a boat.

George Kramer filled his bag with specks Saturday morning trolling along the railroad bridge.

Answering many inquiries, the Elmore who starred for Ole Miss against LSU Saturday is not the Echo reporter.

We understand baby sister's "Kantcha Ketchum" didn't catch 'em last week. Oh well, a motor needs a good dunking once in a while.

## Farmers Can Hike Income By Conservation Program

Many farmers in Hancock County can increase their farm income as well as conserve their soil and water resources if they will take advantage of the opportunities offered through the Agricultural Conservation Program, says Fitzhugh Lee, chairman of the County ASC Committee.

This farm leader points out that it is the policy of the County ASC Committee to encourage the performance of needed conservation practices on low income farms where there are soil, water, and woodland resources that are not being put to the best use.

The Agricultural Conservation Program is one of the major problems of the U. S. Department of Agriculture which shares with farmers the cost of carrying out approved conservation practices. For these farmers who have not participated in the 1960 program and desire to get started in conservation farming in a small way, the ACP will pay for most of the out-of-pocket cost for the materials needed to carry out the practice.

Additional information concerning practices that farmers can carry out under the 1960 ACP may be obtained from the ASC county office in the Agricultural Building, Bay St. Louis.

# Bay High Tops Purvis In Final Home Game

The Bay High Tigers came off the floor in the final minutes of play to defeat the Purvis Tornadoes 19-14 in a see-saw game Friday night in Stanislaus Stadium.

Halfback Bobby Van Calsen made the second and third Tiger tallies on plunges from the one yard line. The second TD climaxed an 80-yard drive with Bill Watts, Rennie Peterson, Lester LaFrance and Van Calsen carrying the ball for four first downs. The first tally came on a 10-yard run by LaFrance.

Friday's game, postponed from Thursday, completes the home schedule for this season, one game remaining to be played with Ocean Springs there tomorrow night. On Nov. 20 the Tigers will meet Long Beach in a play-off for the conference title but the location has not been announced.

The game opened with a punting battle. The Tigers returned Purvis' kick off to the 50 but they found the going tough and Watts got off a good kick to the Purvis 12. Unable to move, Purvis punted to Bay High's 43 but a penalty moved the ball to the 28, where it was first and 25. LaFrance broke through for 7 and Watts picked up 3. Van Calsen made 10 and Watts 5 for the first down. On three successive plays, Watts went to Purvis' 29 and LaFrance made another first down on the 24. Watts scored another first on two plays and it was goal to go on the 10. LaFrance went for the first TD of the game but a fake kick

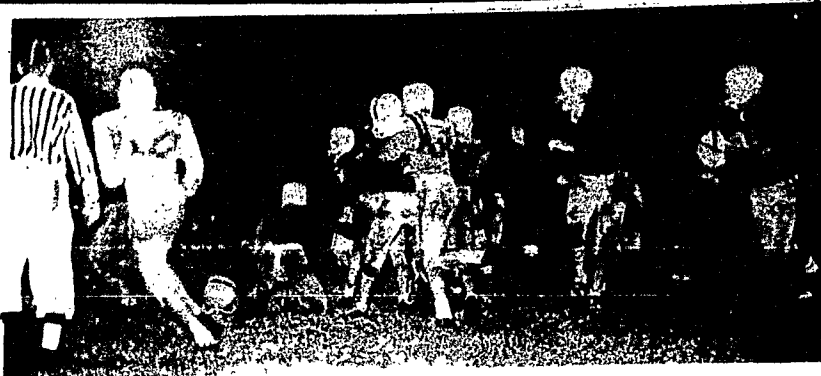

was no good for the extra point.

The first quarter ended with Bay High leading 6-0 and Purvis in possession. A good run by Anderson was nullified by a 15-yard clipping penalty and the Tornadoes got off a good kick through their 35 to the Tigers 28, end Milton Bernard running the pigskin back to his 40. A holding penalty put it on the Tigers 30 and Watts kicked to the Purvis 47.

The Tigers' defense held and Purvis was forced to punt. Anderson booting to the Bay High 19 but the Tigers were stymied and Watts kicked to the Purvis 45. Little Huey Davis came through for 15 and again for 19; after some short gains with the ball resting on the 3 Davis scored on third down and the Tornadoes went ahead 7-6 on Anderson's buck for the extra point.

Bay High kicked to open the third period but in spite of some long runs by Davis, Purvis was forced to punt. Watts went far 8 from his own 20. LaFrance carried for 6 and first down. Watts went for 7 and Peterson for the first down. LaFrance picked up 10, Peterson 4, Watts 3. A pass from Watts to Bernard was good for 10 and it was first and 10 on the Purvis 28. Van Calsen carried for 8 and 6 and a first down on the 14. Watts charged to the 6 and LaFrance made it first and goal on the 1 from where Van Calsen bucked over for the Tigers' second tally. The kick was no good.

The kickoff was followed by a (Cont. on Page 11.)

## Pensacola Record Stays Intact, Beat Rocks 33-0

A valiant little football squad from St. Stanislaus traveled to Pensacola Friday where they were trounced, 33-0, by undefeated and untied Pensacola High, one of West Florida's strongest eleven.

Undaunted by their impressive record of 19 straight wins in triple A competition, the single A rated Rock-A-Chaws plowed past Pensacola's 20-yard line on three occasions and almost scored in the third period when J. E. Loiacano hurled a long, high pass in the direction of Ronnie Artigues, racing for pay dirt, but the ball got away from him in the end zone.

The Pensacola squad, led by fullback Rawson, outweighed the Rocks and had at least three good teams to draw on. Their 10-year record stands at 76 wins, 10 losses and 3 ties.

Pensacola salted the game away in the first quarter making three touchdowns but the Rock-A-Chaws fought back gamely. E. J. Babin took the kick-off after the first tally on the 12 and ran it back to his 20. Loiacano and John Kimball combined to move it to the Rocks' 40 and a pass from Artigues to Terry Ladner was good to the Pensacola 30

but they bogged down and Pensacola took over on downs and went on to score their second TD. Stanislaus took the kickoff again but lost the ball on downs near the midfield stripe and Pensacola marched for its third tally.

In the second quarter Pensacola scored when Stanislaus was forced to punt from its 30. Rawson crossed the goal line after receiving a pass. As the half ended Pensacola was leading 24-0.

The Rock-A-Chaws, refreshed after their halftime rest, came back strong in the third quarter, taking the kickoff and, paced by Kimball, Artigues and Loiacano, marched to Pensacola's 18 but could go no farther and lost possession on downs. Pensacola was stopped on the Stanislaus 40 but the Rocks bogged down after trying a long pass from Loiacano to Artigues which was incomplete in the end zone. Pensacola took over and scored their fifth and final tally.

Neither team was able to score in the fourth period, Pensacola threatening twice but the Rock-A-Chaws defended their goal desperately. In the last five minutes, Pensacola's first stringers reentered the game,

## Ground Broken Sunday on New Parish Grade School

The ceremony of breaking and blessing the ground for the \$251,000 Our Lady of the Gulf Parish elementary school on South Second Street was conducted Sunday afternoon by The Rt. Rev. Msgr. Martin Moloney, pastor of the parish.  
The Most Rev. Bishop Richard

Gerow, D. D., who was scheduled to conduct the ceremony, was unable to attend because of inclement weather conditions. Monsignor Moloney was assisted by The Rt. Rev. Msgr. Thomas Williams, pastor of St. John's Catholic Church in Gulfport, who gave the invocation.

The first shovels of dirt were turned by Mother Mary Evelyn, principal of St. Joseph's Academy, and the monsignor. Assisting in the ceremony were Master of Ceremonies Arthur Chapman; J. D. McCullough, superintendent of the Bay St. Louis Separate School District; Bay St. Louis Mayor John Scalfide; Warren Carver, member of the parish advisory committee; and Brother Hugh, president of St. Stanislaus.

## Another Collision Listed at U.S. 90, Main Traffic Light

Another rear-end collision at the intersection of U. S. 90 and Main Street, apparently occasioned by the stop light recently installed there as a safety measure, was reported in the last week by Highway Patrolman Fred Curet.

The mishap occurred about 5:15 p.m. last Thursday when a 1948 Cadillac operated by Luther Lamar of New Orleans was struck in the rear by a 1953 Ford driven by Mrs. Gladys Holmes of New Orleans.

The Lamar vehicle, damaged to the extent of \$50, was stopped for the light when Mrs. Holmes, also heading west, collided with it in the rear. Curet estimated damages to her car at \$150. Mrs. Holmes was returning

along and help him. Trustees once again inquired about the basic bus maintenance problem in the rural areas and what can be done to relieve it.

At the onset of the meeting, Powell asked the board's attorney, Walter J. Phillips, and the press to leave the room as he wanted to talk privately with the members. They remained closeted only two or three minutes and there was no indication of the nature of his remarks.

Purchase of chemicals and equipment for the science department at North Central from Welch Chemical Co. not to exceed \$2,000 was authorized after the school's superintendent, R. E. Webb, submitted a list of the required materials. About \$1,600 of the sum is to be reimbursed by the state.

Webb also informed the board that the delivery date for the additional bleacher seats for the North Central gymnasium has been set for Nov. 13 by Martin School Equipment Co., the suppliers.

A check with the supplying dairy and local milk distributor was directed after the board heard of soiled delivery cases and bottle exteriors being received at North Central. Phillips was advised by County Sanitarian Wayne Alliston that there was little recourse but a "clean up or else" position.

Webb also reported there had been no progress in efforts to secure the stove from the old Sellers School, now temporarily occupied by the Sellers Community Center, and Phillips with Trustee Lucie Nease were instructed to handle the case. Webb explained the stoves in the other vacated schools, Dedaux and Kin, were not in as good condition. He reported the school had been able to get the horn on the outside of the Sellers building to install on the North Central grammar-school to call children to class.

Approval was also granted to a request to place a street light on Alford Road. Council purchased a \$25 advertisement in the St. Augustine Seminary yearbook and approved purchase of ten candelis trees for beautification of Town Hall.

Consideration of a proposal to strengthen the dog ordinance was postponed until the December meeting when board attorney Dan H. Russell Jr. will be present.
